

**Committee of Management
Expression of Interest
2019**

Overview

Northern Mallee Leaders Inc. (NML Inc.) is one of ten regional community leadership organisations operating across Victoria to develop leaders for vibrant and sustainable communities. NML Inc. became an Incorporated Association in January 2016.

NML Inc. services the communities of the Mildura region, Wentworth Shire, Robinvale, Ouyen and the Mallee Track.

The Northern Mallee Leaders Program (NMLP) is the flagship program of NML Inc. and is tailored to meet the specific needs of the Northern Mallee region with participants being exposed to an experiential learning program that reflects the needs of the region. NMLP first began in 2008, with a second program intake in 2009 before going into recess at the start of 2010. In August 2012, the Victorian Government announced funding to re-establish the NMLP starting in 2013. NMLP is an annual program delivered from February to November and aims to develop the skills, knowledge, confidence and networks of participants to prepare and support them in active community and industry leadership roles.

The total NMLP graduate numbers to date is 161. These graduates have achieved a greater understanding of the region, developed their personal leadership skills and have strengthened their networks. An active Alumni continues to grow the leadership learning opportunities for the region and the continued development of graduates.

NML Inc. is steered by a skills-based and representational Committee of Management comprising **nine (9)** people for a **two (2) year term** and one representative from both MADEC and Mildura Rural City Council. The Committee provides a governance role and sets and monitors progress of the strategic direction.
